# Oscar Robinson

Aberdeen, UK AB24 3FX | oscar.robinson@gmail.com | 07781 345 876 | LinkedIn | GitHub

## EDUCATION

**BSc Computing Science, University of Aberdeen** **2023 – 2027**

As part of my degree, I have studied a range of topics, including: Algorithms and Data Structures, Databases and Data Management, Software Programming, Artificial Intelligence, Machine Learning and Data Mining.

**Website Development | Group Project** **2025**

As part of a university group project, I played a key role in developing a website connecting volunteers with community members in need. I contributed to web design and functionality building on my technical skills (HTML, Python, SQL) as well as my teamwork and collaborative skills. (GitHub Link)

## TECHNICAL SKILLS

**Programming Languages:** Proficiency in Java, Python, C++ through university coursework, demonstrating the ability to analyse problems and implement effective solutions in a structured and logical manner.

**Data Analysis:** Experienced in using R, SQL and Power BI to clean, manipulate, and visualise data sets.

**Web Development:** Applied JavaScript for creating dynamic and interactive features and utilised HTML/CSS to structure and style personal websites and university projects.

## WORK EXPERIENCE

**Store Assistant, ASDA, Aberdeen (term-time)** **Oct 2023 – Present**

- Efficiently restock shelves during evening shifts, ensuring product availability and maintaining a well-organised shop layout.
- Demonstrate flexibility by seamlessly transitioning between restocking responsibilities and operating tills during peak business hours.
- Showcase strong communication skills when interacting with customers, colleagues, and management.
- Contribute to the shop's overall success by actively participating in team meetings and supporting team goals.

**Kitchen Porter, Birkhill Inn, Dundee (summer work)** **2020 – 2024**

- Managed dishwashing responsibilities, ensuring a constant supply of clean kitchenware for the kitchen and front-of-house staff upholding high standards of cleanliness and hygiene.
- Supported kitchen operations by occasionally assisting in the preparation of side dishes demonstrating my willingness to learn new skills and contributing to the team's efforts in meeting broader objectives.
- Demonstrated strong commitment and reliability by frequently covering shifts, earning the trust of the manager as a dependable team member.

## OTHER SKILLS

**Collaboration:** Through successful group projects at university, I actively contributed as a team member and took on leadership roles, ensuring timely completion and attainment of high marks.

**Resilience:** Independently acquired and mastered skills necessary for personal website projects, demonstrating a proactive approach to self-learning. Additionally, demonstrated perseverance and adaptability in part-time jobs, successfully navigating challenges such as long and physically demanding shifts while consistently delivering results.

## ROLES OF RESPONSIBILITY

**Class Representative:** Have served as a liaison between students and the administration, faculty and wider department for the last two years. I represent the class and convey student opinions and concerns to the relevant parties.

**Volunteer, AbilityNet (2022 – Ongoing):** Provide assistance to individuals (elderly and disabled), setting up email accounts, facilitating online communication through platforms like WhatsApp and Zoom, configuring new devices, and offering general guidance on device accessibility.
